

PRAJWAL KUMAR

Senior Cybersecurity Analyst | SOC Analyst | Incident Response Analyst

prajwalkumar.change2fly@gmail.com | +91-9019221121 | linkedin.com/in/prajwal-kumar2708

PROFESSIONAL SUMMARY

Cybersecurity Analyst with 6+ years of experience in Security Operations Center (SOC), Incident Response, Threat Detection, Vulnerability Management, Cloud Security, and Enterprise Security Operations. Experienced in Splunk, Microsoft Sentinel, SentinelOne, Microsoft Defender, Wiz, ArmorCode, Nessus, Qualys VMDR, Azure, and AWS. Skilled in alert triage, incident investigation, IOC analysis, threat intelligence, root cause analysis, security monitoring, vulnerability remediation, and ISO 27001 compliance.

CORE COMPETENCIES

SOC Operations & Security Monitoring
Incident Response & Incident Investigation
Alert Triage & Threat Detection
IOC Analysis & Threat Intelligence
Root Cause Analysis (RCA)
Cloud Security
MITRE ATT&CK Framework
Endpoint Security
ISO 27001 Compliance
Security Playbooks, SOPs & Incident Reporting
Jira, ITSM, Service Management

TECHNICAL SKILLS

SIEM: Splunk, Microsoft Sentinel
EDR/XDR: SentinelOne, Microsoft Defender
Vulnerability Management: ArmorCode, Nessus, Qualys VMDR
Cloud Security: Wiz, Microsoft Azure, AWS
Identity & Access: Microsoft Entra ID, Active Directory
Frameworks: MITRE ATT&CK, ISO 27001, Incident Response Lifecycle
Tools: Jira, ITSM

PROFESSIONAL EXPERIENCE

Broadridge Financial Solutions India Pvt Ltd

Jan 2021 – Present

Senior Member Technical – Cybersecurity Analyst | SOC & Incident Response Analyst

Monitor and investigate security alerts from Splunk, Microsoft Sentinel, SentinelOne, Microsoft Defender, and cloud security platforms.

Perform alert triage, event correlation, IOC analysis, and incident investigations to identify malicious activities.

Support end-to-end incident response activities including identification, containment, eradication, recovery, and post-incident review.

Investigate endpoint, identity, authentication, privilege escalation, and suspicious user activity alerts.

Conduct vulnerability assessments using ArmorCode, Nessus, and Qualys VMDR, and prioritize remediation based on risk.

Monitor cloud security findings using Wiz across Azure and AWS environments.

Perform root cause analysis (RCA) and prepare incident reports, security findings, and remediation recommendations.

Develop SOC playbooks, runbooks, SOPs, and operational security documentation.

Support ISO 27001 audits, compliance assessments, and risk management initiatives.

Value Point Systems Pvt Ltd

Sep 2020 – Jan 2021

System Expert (Deployed to Client: Broadridge)

Managed endpoint administration across enterprise Windows environments.

Performed software deployment, patch management, endpoint configuration, and device lifecycle management.

Administered Active Directory users, permissions, and Group Policy.

Provided hardware, software, operating system, and network troubleshooting support.
Supported endpoint hardening and vulnerability remediation initiatives.

Delta Dynamix Pvt Ltd

Jul 2018 – Sep 2020

Customer Experience Engineer | Endpoint Administrator (Deployed to Client: Broadridge from Aug 2019)

Managed endpoint administration across enterprise Windows environments.
Performed software deployment, patch management, endpoint configuration, and device lifecycle management.
Administered Active Directory users, permissions, and Group Policy.
Provided hardware, software, operating system, and network troubleshooting support.
Supported endpoint hardening and vulnerability remediation initiatives.

CERTIFICATIONS

ISC2 Certified in Cybersecurity (CC)
ISO 27001:2022 ISMS Lead Auditor
Qualys Vulnerability Management Detection & Response (VMDR)
Microsoft Azure Fundamentals (AZ-900)
Splunk Fundamentals
Fortinet NSE 1 & NSE 2

EDUCATION

Bachelor of Engineering – Information Science & Technology

Alva's Institute of Engineering and Technology
